

bathrooms to love

Autumn | Winter 2026

Explore our extensive range online

While our brochure is full of inspiration and product information, *there's even more to explore online.*

Discover the collection in greater detail with product videos, technical drawings, in-depth specifications and all the information you need to really bring your bathroom vision to life.

Get inspired with our collection at www.bathroomstolove.uk

VISUALISE in *your* space

See our products come to life with our AR technology:

1. Browse

Browse our website and you will see many of our products have a QR code. Simply scan it with your smart phone or device.

2. Visualise

Experience our products in your space in full 3D, rotate and zoom in to truly understand how they look.

3. Learn

View more product information and videos on our website to help make your final decisions.

4. Curate

Start a Wish List on our website and find your nearest retailer to discuss ideas and get professional advice.

Follow our socials, SHARE your space

Looking for even more bathroom inspiration? Join us on social media, where you'll find beautiful interiors, the latest trends and real-life Bathrooms to Love transformations.

We'd love to see your finished space too

Simply share your bathroom featuring Bathrooms to Love products, tag us in your post, and you'll be entered into our prize draw to **win a £100 shopping voucher*** - just perfect for adding those all-important finishing touches.

* Winner chosen and notified by 31/3/27. See our social channels for details.

Create a calm,
contemporary bathroom
*with a refined palette
of muted tones and
natural finishes.*

Our latest collection brings together beautifully designed bathroom suites, furniture, showers, enclosures, brassware, radiators and more - giving you everything you need to create a space that's uniquely yours.

Create a calm, contemporary bathroom with a refined palette of muted tones and natural finishes. Layer in beautifully crafted metallics, from polished chrome and brushed brass to warm bronze and cool gunmetal - seamlessly coordinated across showers, enclosures and brassware for a cohesive, considered look.

With the freedom to mix and match across the collection, you can create a bathroom that feels effortlessly curated, balanced and designed around your lifestyle.

THERE'S
MORE to
love this
Autumn
& *WINTER*

Beautiful storage can
transform *the way your
bathroom looks and feels.*

Smart
STORAGE,

BEAUTIFULLY
designed

Our fitted furniture collections combine considered design with everyday functionality, offering a choice of three distinct door styles plus a wide range of colours and finishes.

From slim-depth solutions to base, wall and tall units, every piece is designed to maximise your space while keeping your everyday essentials perfectly organised, creating a bathroom that's as practical as it is stylish.

*Explore the full collection

Flexible by DESIGN

Our versatile modular furniture collections *make it easy to personalise your space.*

Unlike fitted furniture, modular units are made up of individual components that can be combined to suit your bathroom.

This flexibility makes it easy to incorporate practical storage while achieving a contemporary, streamlined finish.

Pick the perfect basin

Finding the perfect basin can really bring the whole look together, and our collection offers a variety of shapes and styles to create a totally coordinated finish.

Choose an integrated sit-in basin for a seamless, streamlined look, or pair a worktop with your preferred washbowl to create a more personalised design. With a variety of shapes and styles to choose from, discover a basin that perfectly complements your bathroom design.

Why choose modular?

Choose from floor-standing, wall-hung or optional legged units to achieve the ideal look and fit for your bathroom.

From timeless shaker styles and sleek handleless designs to more distinctive looks, our modular ranges offer a choice of finishes to help you create a bathroom that feels beautifully considered and effortlessly functional.

Every detail handled

Our collection of handles gives you the freedom to personalise your bathroom design, your way.

From polished chrome and brushed brass to matt black and bronze, each finish is designed to coordinate beautifully with taps, showers, radiators and accessories across the collection – for a bathroom where every detail works together beautifully.

Small details
can make a
big difference.

Chic

Style that defines your space.

Chic is a refined new bathroom furniture range with a unique handleless door style, designed to bring modern elegance to any space.

Elevate the look

A sleek leg design in a choice of finish lets you personalise the look.

More room, less clutter

Generous storage solutions keep your bathroom beautifully organised.

Push

Explore the
Push collection

Modern design, effortless style.

Contemporary, handleless, push to open doors and drawers and a stunning chamfered edge design make Push a smart choice.

Chunky chamfered edges

The contemporary edging frames the unit and a push to open door mechanism keeps the look uncluttered.

Optional decorative legs

Personalise the look with a decorative leg, giving a more classic floor standing look.

Washbowls

There is a wide choice of washbowls to suit our modular furniture.

Washbowls are either made from ceramic or a resin material.

The basic ingredient of our resin basins is crushed dolomite rock. Rock in combination with resin gives superior hardness and flexibility and allows us to create beautiful shapes, but above all, ensures impact resistance and durability of the product during its many years of use.

Our resin basins are manufactured from **100% renewable** resources and are able to be recycled too!

More storage MORE FREEDOM

Fitted bathroom furniture makes the most of every inch, *giving you clever storage, flexible layouts and a beautifully streamlined look.*

It's also a practical way to conceal pipework and keep everything neatly tucked away. And with everything in its place, there's less clutter and more space to relax, unwind and enjoy some 'you' time.

Create a bathroom that works for you.

Follow our simple steps to create your dream bathroom using fitted furniture.

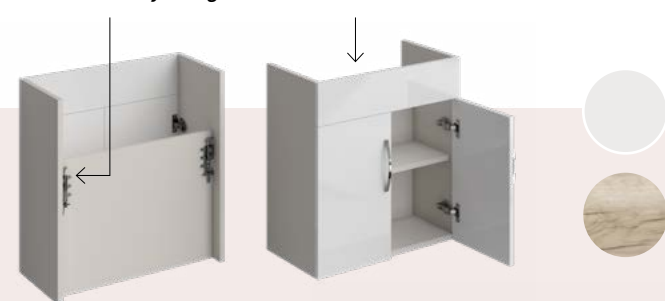

Step 2 Cabinet style

Our cabinets are supplied rigid and come with a wealth of great features ensuring trouble-free installation and years of hassle-free use. You can also select between a light grey or an oak effect finish.

Our range also has the flexibility to be fitted floor standing with the use of clip on plinths to cover the adjustable 171-207mm legs, or as wall hung, with wall mounting brackets also included.

Wall brackets are attached to the back of the units for easy fixing

Removable back panel to help the fitter with installation

Choice of Unit Depth

We know not all bathrooms are made equal and sometimes space is tight. That's why we offer two cabinet depths; 200 & 300mm*, helping you make the most of every inch of floor and wall space.

* Cabinet depth only doesn't include doors.

Step 1 Door design

Choose a door design to suit your individual style.

Cara
22mm contemporary
handleless door
Pages 86-91

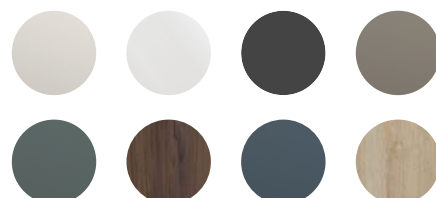

Edin
18mm modern
slab style door
Pages 92-97

Abbey
18mm traditional
shaker style door
Pages 98-103

Colour selection

Colour selection is important too, utilising bolder colours and finishes to make a statement or more softer muted tones to create a calming space.

Unit overview

For a seamless, coordinated look, add end panels to your units.

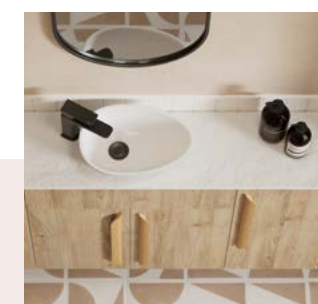

Available to complement your chosen door fascia, they make for a beautifully considered finish.

Step 3 Choose your basin

Bring your furniture together with a choice of semi-recessed basins, washbowls or a one-piece basin and worktop.

Explore the full range on pages 104-108.

Step 5 Add your finishing touch

Unless you've chosen our handleless Cara range, you'll need to select handles for your units.

With a wide choice of styles and finishes, add a personal touch and create a bathroom that's uniquely yours. See page 111.

Cara

Clean lines, calm spaces.

Turn your bathroom into a stunning centrepiece with Cara's beautiful contemporary style furniture.

Internal style

With a wide choice of storage options, tailor the internal finish to complement your design.

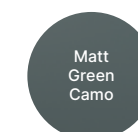

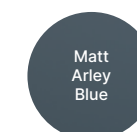

Your basin, your style

Tailor your look with a choice of basin, from a sleek basin and integrated worktop to a spacious semi-recessed design.

Abbey

Explore the
Abbey collection

Timeless shaker style.

A simple shaker design delivers timeless appeal, enhanced by the choice of muted colours for a more modern update.

Quietly refined

Designed for everyday comfort, soft-closing doors and drawers ensure a smooth, quiet finish. Paired with tactile surfaces, each detail is crafted to feel as good as it looks.

All in one

A one-piece basin is both practical and stylish. With square and rounded options, you can customise the look.

Washbowls

Washbowls are either made from ceramic or a resin material. The basic ingredient of our resin basins is crushed dolomite rock. A sedimentary rock that was formed 170 million years ago by volcanic activity, it is completely natural and safe.

Rock in combination with resin gives superior hardness and flexibility at the same time. This allows us to create beautiful shapes, but above all ensures impact resistance and durability of the product during its many years of use.

Our resin basins are manufactured from 100% renewable resources and are able to be recycled too!

Our resin basins are manufactured from **100% renewable** resources and are able to be recycled too!

Style setting *suites*

The shape of your suite sets the style for the rest of your bathroom, so it's important to consider what look and feel you want overall when choosing.

We have sizes to suit large bathrooms or small cloakrooms and a range of shapes that reflect the most popular current styles.

Wall hung frames, concealed cisterns and flush plates	134-135

Suite HARMONY

With so many styles available, *finding the perfect suite starts with knowing what works for your space.*

Our guide helps you explore the key differences between products, making it easier to choose the right solution for your bathroom.

Close coupled toilets

Fully shrouded

With the cistern positioned directly on the pan, close coupled toilets offer a classic look.

Available in a range of designs, consider whether a fully shrouded or open back option best suits your bathroom.

Fully shrouded toilets conceal pipework within the ceramic for a clean, contemporary finish, while open back designs offer easier access to pipework and suit side boxing-in. Your installer can advise what will work best with your existing plumbing.

Open back

Discover our comfort height toilets

Soft close as standard

All our toilet seats come with soft close as standard. These clever seats close softly and quietly. Great for safety too so tiny hands aren't caught under a fast closing seat.

Set at a height of 450mm or more, comfort height pans provide added comfort, especially for taller people or the elderly.

The best fit *with furniture*

When designing a bathroom with fitted furniture, a semi-recessed basin and back to wall toilet create a seamless, integrated look. Both work with our furniture units to maximise space while maintaining a contemporary finish.

A back to wall toilet requires a concealed cistern, neatly integrated behind the furniture or wall.

Complete the look with a flush button that complements your bathroom scheme.

Keep it classic

The timeless Sherbourne collection combines traditional elegance with modern functionality. Choose from close coupled, low-level or high-level toilet designs to create a beautifully considered look.

With pipework and fittings in polished chrome or brushed brass, you can coordinate the finer details with other elements for a cohesive, refined finish.

Easier cleaning design

Rimless WCs are designed for improved hygiene and effortless cleaning, using precisely directed jets of water to flush the bowl without the need for a traditional rim.

Alongside our original rimless style, the range now includes Swirlux™, a new rimless option featuring a unique swirling flush action that creates a highly effective, even water flow for a deeper clean.

Both designs offer excellent efficiency, modern styling, and can be easily incorporated into any bathroom.

Your pick of pedestals

The right basin style can transform your bathroom. Full pedestal designs offer a classic look, while semi pedestals provide a more streamlined finish while concealing pipework.

Contemporary wall hung basins keep the floor clear, creating a sense of space. Ideal for smaller bathrooms, they can be paired with a bottle trap in a choice of finishes to complement your taps and fixtures.

Whichever style you choose, keeping the basin off the floor can make your bathroom feel more spacious and easier to clean.

Tilia

Square design with a soft finish

On-trend design, with a smooth finish to this stylish suite. Its fine design, incorporating ultra-thin edges, complements any bathroom design.

Introducing the innovative Swirlux™ rimless 360 degrees flushing technology

Innovative Swirlux™ rimless, 360 degrees flushing technology.

Our Swirlux™ toilets have been carefully designed & moulded to provide a unique swirling action, which offers an effective water flow that cleans the toilet when flushed. Combined with our dual flush cistern fittings, these toilets can maximise toilet efficiency by reducing water usage.

Supercast[®] baths

30
YEAR
GUARANTEE
ON SUPERCAST
BATHS

Strength and beauty combined

Supercast is a substantial reinforcement process for an acrylic bath. This reinforcement process results in each bath being incredibly strong and hard-wearing. This gives you the reminiscent assurance of an old cast iron bath with the natural warmth and quality acrylic has.

Acrylic's unique properties make it ideal for manufacturing baths. Acrylic allows itself to be moulded into many shapes giving many possibilities for varied designs, an attribute that enables baths to be manufactured with design and function working in harmony.

The natural gloss is cast all the way through the acrylic, resulting in a product that is smooth and ever so easy to clean.

The intensive reinforcement processes and final (grey) 'flow coat' jacket to the entire underside of the bath adds strength and insulating properties. This keeps your bath water hotter for longer!

Super strong

Supercast reinforcement process results in a strong, hard-wearing bath

Increases insulation

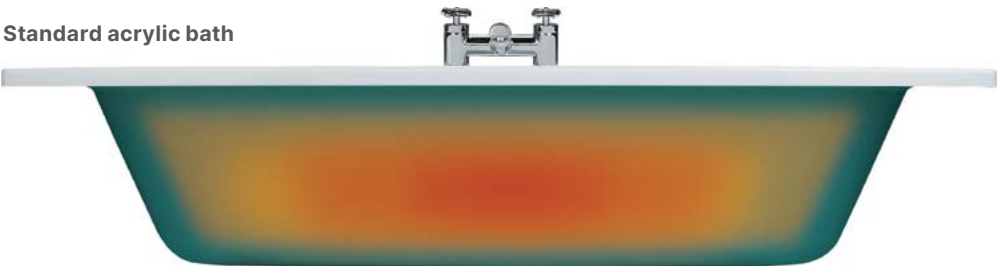

Keeps your bath water hotter for longer

Warm to the touch

Natural high gloss finish is smooth and easy to clean

Standard acrylic bath

Supercast[®] acrylic bath

L shape shower bath shown with bronze bath screen

Shower baths

Shower baths offer the perfect balance of comfort and practicality, combining a relaxing bath with a generous showering space.

Wider at one end, they provide extra room where it matters most, making everyday showering more comfortable. Ideal for smaller bathrooms, they deliver flexibility without sacrificing style, and can be paired with a shower screen in a choice of finishes to create a look that's tailored to your space.

Shower enclosures worth showing off

Shower enclosures now feature in most new bathrooms and have developed to become an integral part of defining the overall style of the bathroom.

With a wide range of shapes and sizes on offer, your new bathroom design will be greatly enhanced with the addition of a stylish enclosure.

RefleXion Wetroom panels	170-175
Showering accessories	176-177
Merlyn Wetroom panels	178-179
RefleXion Iconix enclosures	180-183
Merlyn Sublime enclosures	184-185
RefleXion Classix enclosures	186-193
Merlyn Boost enclosures	194-199
RefleXion Slate trays	200-201
RefleXion Linear trays	202
RefleXion Designer trays	203
RefleXion Anti-Slip trays	204-205
RefleXion Low Profile trays	206-207

Explore our SHOWER ENCLOSURES

Bring your bathroom vision to life *with our versatile collection of shower enclosures.*

With a choice of styles, shapes and finishes, each design can be tailored to complement your space.

Combining contemporary style with practical solutions, our enclosures offer the flexibility to suit modern bathroom layouts.

Step 1: Location

Corner installation

A versatile option, from space-saving quadrant enclosures to stylish shower doors paired with a side panel.

Recessed installation

Ideal between two walls, with a choice of door styles to suit your space. Consider the door opening and available floor area.

Single wall installation

For a spacious, luxurious feel, combine a shower door with two side panels* to create a light-filled shower area.

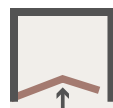

Step 2: Type

There are various types of enclosures, offering different benefits in terms of space, style and function.

Quadrants & offset quadrants

Curved corner enclosures maximise space. Choose one or two doors, or an offset quadrant for extra showering room.

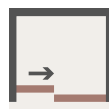

Bi-fold doors

Ideal where space is limited, folding neatly inwards to reduce the clearance needed outside the shower.

Wetrooms

Create an open, contemporary showering space with a fixed glass panel, or combine panels for greater splash protection.

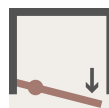

Sliding doors

A practical space-saving option, sliding smoothly along the enclosure without requiring clearance in front.

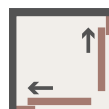

In-fold doors

Roll and fold into the enclosure, creating a wider entrance than a traditional bi-fold door.

Pivot & hinge doors

Pivot doors move partly into the shower area, while hinge doors swing further into the room for a wider opening.

Corner entry

Square or rectangular enclosures designed for corner installations, offering a stylish, practical alternative to curved designs.

* Classix range only, infold enclosures not suitable for use with two side panels

Step 3: Glass

Every shower enclosure in our collection features toughened safety glass for strength, durability and a premium finish.

Choose from different glass thicknesses to suit your style, from 6mm on Classix enclosures to luxurious 8mm glass on Iconix.

All enclosures also feature Easy Clean treatment as standard, helping reduce limescale and water marks for easier maintenance and a lasting finish.

Step 5: Tray

Explore our full range of trays on pages 200-207

Complete your shower design with your choice of tray. Low-profile trays create a sleek, contemporary finish, while anti-slip options offer added reassurance.

Or, for a more designer look, choose a slate-effect tray with integrated hidden waste for a beautifully seamless finish.

Step 4: Finish

Complete your shower with a choice of stylish profile finishes, including chrome, matt black, brushed brass, brushed bronze and gunmetal.

Coordinate with taps, showers and radiators for a cohesive, considered look. For wetroom panels, choose classic clear or elegant fluted glass for added texture and privacy. Both use premium ultra-clear glass for exceptional clarity and a pristine, green-tint-free finish.

Step 6: Add some smart storage

Make the most of your shower space with clever storage solutions designed to keep everything organised and within easy reach.

Create a seamless built-in look with our stylish niches or choose our practical shower caddies or our innovative wetroom storage profile.

Explore storage options on pages 176-177

Accessories

Wetroom storage shelf

Keep your shower space sleek, organised, and effortlessly stylish with our Wetroom Storage Shelf. Designed to integrate seamlessly with your wetroom profile, the elegant shelf column attaches directly to the wall - providing a discreet, space-saving solution for storing shower essentials.

Available in chrome, matt black and brushed brass, the shelf coordinates beautifully with our wetroom panels, maintaining a unified and contemporary aesthetic.

Clean lines, smart design, and total convenience - the perfect finishing touch for your modern wetroom.

Storage shelf	Chrome	Matt black	Brushed brass

Walk-in with front panel and side panel

Showerwall with swivel panel

Showerwall with vertical pole

How it works

As you can see from the images on the left, there are many combinations that can be made.

If you wanted to make up a walk-in wetroom for an area to fit on to a 1200 × 800mm tray or floor, you pick a 700mm and a 800mm panel, which also includes the recommended 500mm minimum opening for the walk-in.

So, in order to build up your own ideal wetroom area, just choose the panel sizes from the table below.

Features

- 2015mm high (including rail)
- 8mm toughened safety glass
- Suitable for both wetroom floors and on shower trays
- Easy clean glass coating
- Comes with 1 metre stabilising bar which can be cut to fit your space

Slate shower trays

Elevate your bathroom with the Slate shower tray. Its ultra-slim 30mm design allows near floor-level installation for a sleek, minimalist look. The concealed waste ensures smooth drainage, while the durable marble composite surface stays warm, easy to clean, and resistant to limescale.

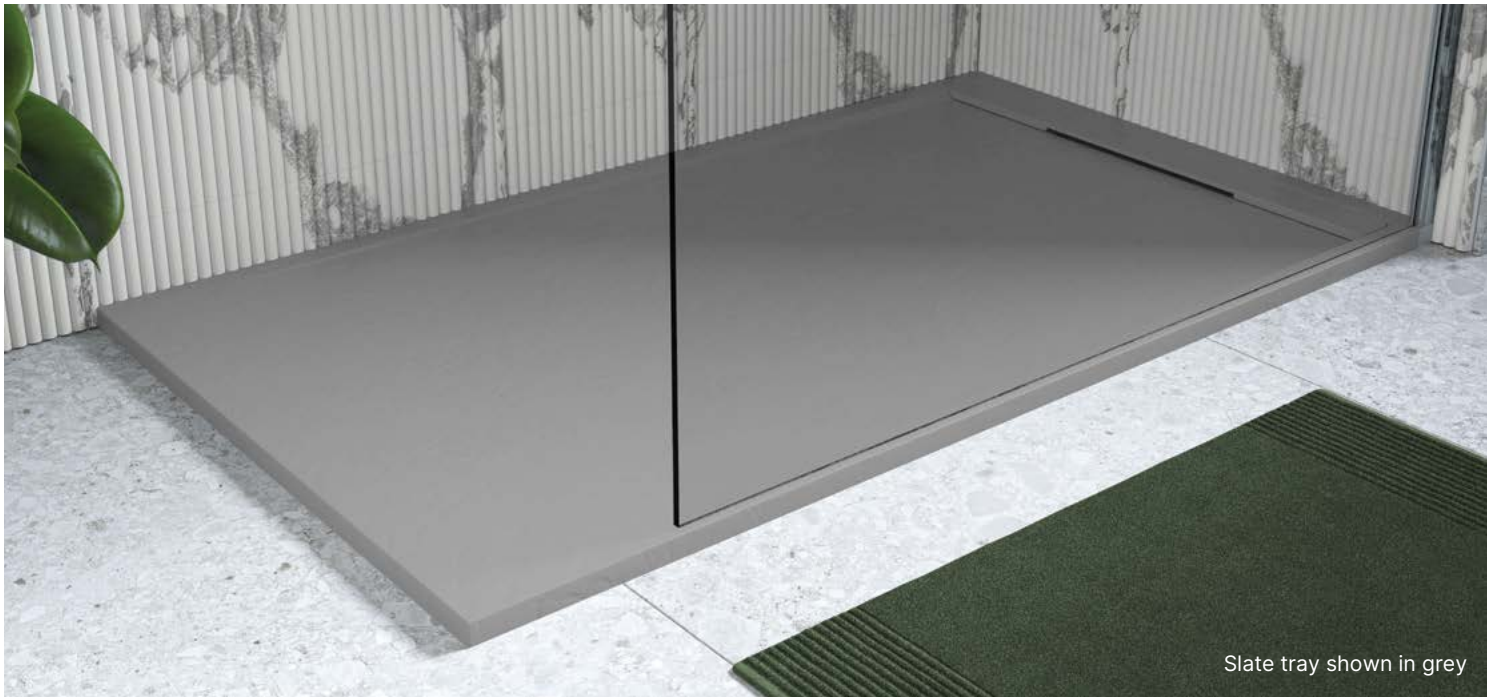

Features

- 30mm high, marble composite material
- Hidden integrated waste
- Tested flow rate of over 26 litres a minute
- Grade B slip resistant
- 10 year guarantee
- Available in 4 finishes; white, grey, black and latte

Linear shower trays

Unique to the Linear range is smart water capture technology where liquid is drawn from the surface and delivered at the correct velocity to a capture chamber beneath the waste cover.

This ensures that the vortex waste unit is fed at the optimum rate allowing it to function at up to an incredible 30 litres per minute, keeping excess water and soap deposits to an absolute minimum.

The waste unit has no moving parts and is entirely self-cleaning, making this technology extremely reliable and reducing the possibility of blockages.

Features

- 25mm high, 100% natural stone resin
- Hidden integrated waste
- Rectangular 75 × 297mm stainless steel flush fitting waste cover (full load bearing)
- Tested flow rate of 30 litres a minute
- Lifetime guarantee
- Handmade in the UK

Designer ultraslim trays

Bring elegance and minimalism to your enclosure with this 25mm high shower tray. Crafted from 100% natural stone with a smooth gel coat finish, it features a flush-fitting waste cover for a seamless, modern look. Its ultra-thin design creates a sleek, floor-level appearance, combining style, durability, and practicality for everyday comfort.

Features

- 25mm high, 100% natural stone resin
- Flush fitting 135 × 135mm designer waste
- Tested flow rate of over 33 litres per minute
- Handmade in the UK
- Lifetime guarantee

Anti-slip technology

Clever anti-slip surface technology for a lifetime of showering confidence.

Ideally suited to families with young children and those who just want to feel confident on their feet whilst in the shower, this patented technology ensures a lifetime of confidence when showering.

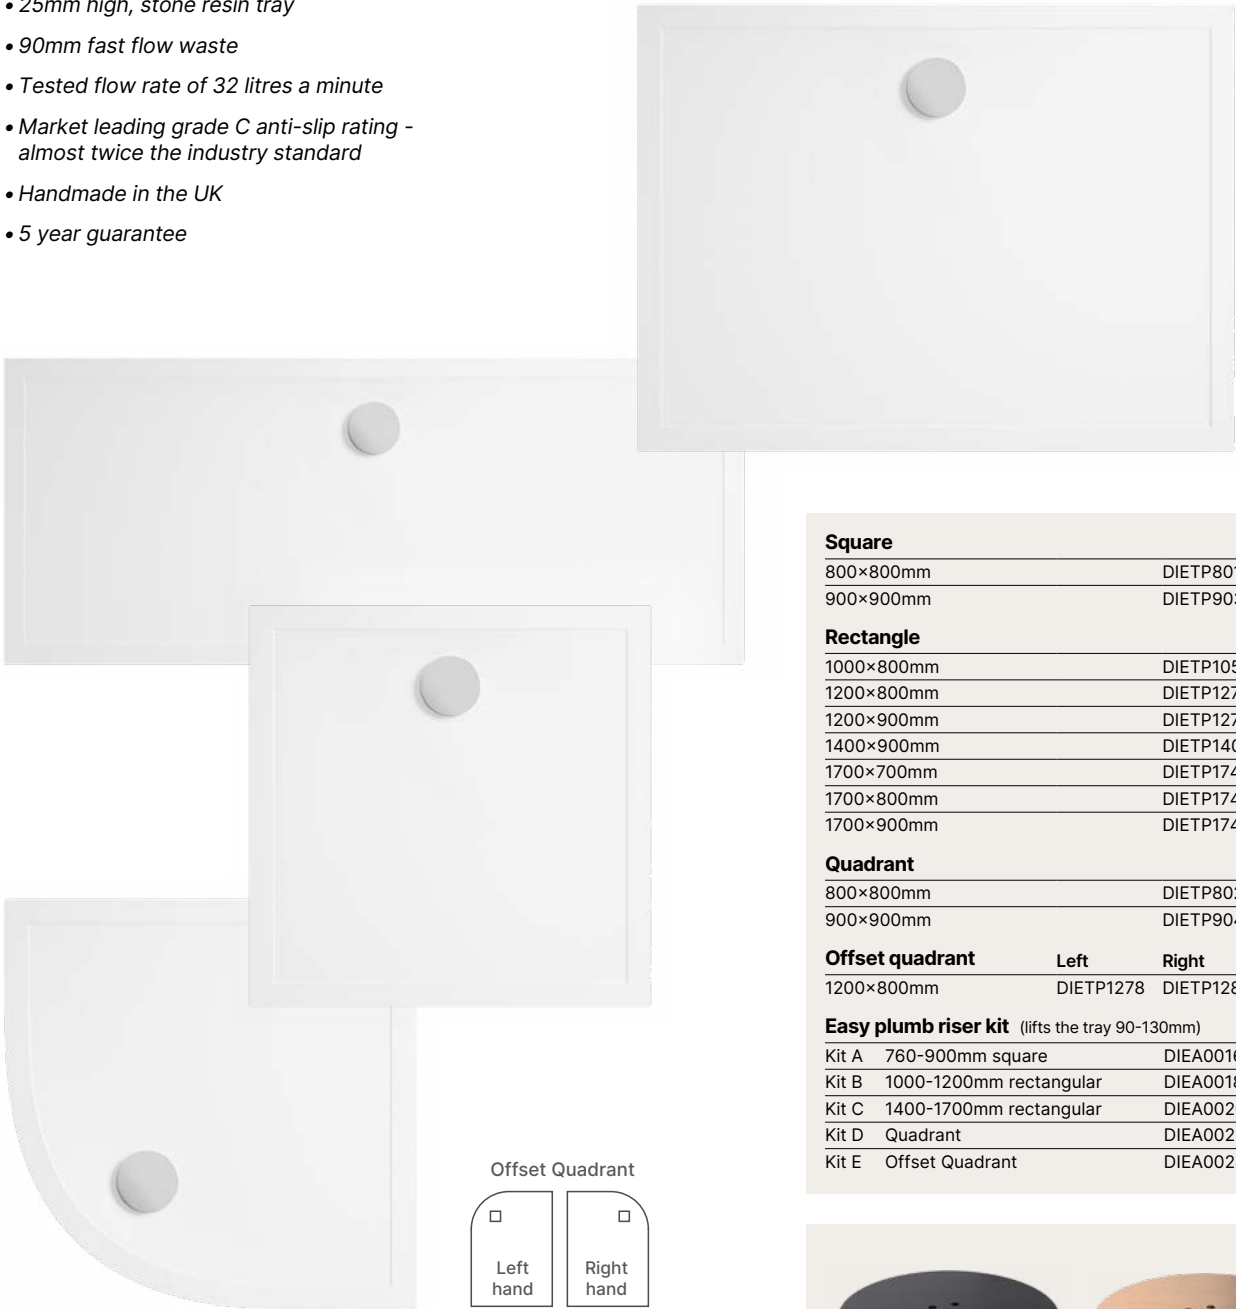

Installed in the factory for complete peace of mind. When independently tested to British Standard 7976-2 slip test, the patent protected surface provided almost twice the bathroom industry standard of slip resistance.

Anti-slip shower trays

Features

- 25mm high, stone resin tray
- 90mm fast flow waste
- Tested flow rate of 32 litres a minute
- Market leading grade C anti-slip rating - almost twice the industry standard
- Handmade in the UK
- 5 year guarantee

Matt Black

low profile trays

This modern, ultra-slim tray combines elegance, comfort, and smart design.

Made from acrylic-capped stone/resin filled with recycled compounds, it's lighter than traditional stone/resin trays while retaining durability and a luxurious, warm-to-the-touch surface.

A carefully designed waste ensures efficient drainage, and the matt black finish coordinates with our other matt black finishes throughout our collection.

Features

- 40mm high, high quality acrylic
- 90mm fast flow waste
- Tested flow rate of 32 litres a minute
- Quick fit leg kit
- 5 year guarantee

Refresh with our *showers* collection

Choose a mixer shower that connects to the hot and cold water supplies and then mixes the water inside the shower to your selected temperature.

Mixer showers normally deliver a higher flow rate than electric showers and are often thermostatic to protect against scalding.

Ideal for homes with readily available hot water, with the option to add a pump if required to boost the flow from a gravity-fed system.

Alternatively, electric showers connect to the cold water main supply. A heating element inside the unit heats up the water as it passes through. It doesn't rely on stored water and provides instant hot water on demand.

abode

focus |60|

Abode's FOCUS 60 showering collection combines elegant design with practical functionality, making a bold statement in any bathroom.

The sleek and contemporary Uno shower adds versatility and features soft square detailing to complement the Abode brassware collection.

With a wide range of shower heads and modern finishes, this collection allows effortless customisation. Push-button controls make it easy to select the desired function, and multiple functions can be used simultaneously if desired. Concealed thermostatic controls maintain a constant, safe water temperature, combining style with everyday comfort.

Mixer showers

TRITON

Thermostatic valves

Thermostatic mixing valves protect against scalding. The thermally sensitive mechanism within the valve mixes hot and cold water to a preset temperature. The mechanism automatically compensates for any variations in pressure or temperature to maintain a safe temperature.

Chrome

Cool Touch

Electric showers

TRITON

These connect to the cold water mains supply. A heating element inside the unit heats up the water as it passes through. It doesn't rely on stored water and provides instant hot water on demand.

Amore Electric Shower
Sleek, modern and ultra stylish, Amore is an elegant and easy to operate shower range you're sure to love using first thing.

- Choice of three finishes
- Crisp white digital display with temperature read-out
- Sleek, contemporary cover
- Touch activated power selector, on/off button and temperature control dial
- Stylish slender shower kit with 530mm rail
- 5 spray pattern, rub clean shower head
- 1.5m anti-twist hose

Power showers

Triton's silent running thermostatic power shower is so quiet that when the water is running, you won't hear the pump, and as such has been awarded the Quiet Mark award of approval.

AS2000SR Power Shower

The AS2000SR is the perfect solution for those with low pressure systems, providing a great flow rate of up to 14 litres per minute.

- Easy to use start/stop button, with variable temperature & flow controls to select the perfect shower setting.
- Adjustable maximum temperature stop
- Multiple cable and water entry points makes the AS2000SR an ideal replacement shower
- Suitable for low pressure gravity fed systems only
- 5 spray pattern, rub clean shower head

Why abode ?

Design-led innovation, proven performance.

Abode is synonymous with quality, reliability, and forward-thinking bathroom design. Every product reflects meticulous attention to detail and a deep understanding of modern living.

When you choose Abode, you're choosing:

A trusted UK brand
with a heritage in product design and craftsmanship.

Sustainable practices
that prioritise responsible manufacturing and long-lasting design.

Aftersales excellence,
our Barnsley based team provides expert advice and a comprehensive spares service, ensuring Abode products are maintained responsibly and perform for years to come.

Experience the pinnacle of bathroom design with Abode, where innovation meets timeless style. This award-nominated collection showcases the latest trends and exquisite finishes, including Chrome, Matt Black, Brushed Brass, and Gunmetal.

**Abode bathrooms -
where design meets dependability.**

Abode brochure

Refine

Discover the elegance of the Refine Collection of taps, where contemporary design meets timeless craftsmanship.

Supplied with both smooth and beautifully fluted handles, the collection allows you to effortlessly switch between sleek simplicity and the striking texture of the fluted trend - one of today's most sought-after design details. Finished in the latest gunmetal tone, each tap features a premium PVD (Physical Vapour Deposition) coating for exceptional durability along with an anti-fingerprint surface for effortless maintenance.

Features

- Supplied with smooth and fluted handles
- Pvd coating for exceptional durability
- Stylish gunmetal finish
- Anti-fingerprint surface

Add those perfect *finishing touches*

With our range of accessories, from feature radiators to underfloor heating, from simple mirrors to stunning wall panelling, and from hooks and holders to rails and rings, you can easily add personality to your bathroom.

Fibo wall panels	276-281
Radiators	282-289
Electric radiators	290-291
Underfloor heating	294-295
Mirrors	296-317
Accessories	318-323

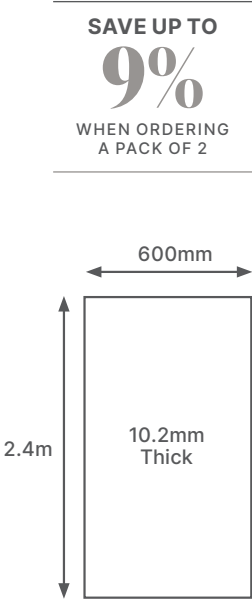

Wall panels

Designed & manufactured in Norway, Fibo wall panels give you 100 percent waterproof walls with exceptional durability.

Made with a 7 layer Birch core, panels simply click together with Fibo's unique Aqualock system which provides virtually invisible joints. Fibo panels can be installed onto different wall types, meaning you never have to worry about hidden damage on any wall you are refurbishing. Panels can be installed up to five times faster than tiles too, which makes them a great option for fitters.

The panels are available with a range of profiles and accessories to make installation and maintenance easy. With fantastic antibacterial as well as environmental credentials, plus a 25 year warranty, the only question is which style of panel will you choose?

Features

- 10.2mm thick wall panels available in a wide range of tile effect styles to suit any bathroom
- Choose from Urban, Scandinavian, Contemporary or Stone collections
- Range of profile trims and accessories available, see page 281
- Panels are easily cut to size and can be screwed or glued directly onto solid or stud walls meaning no need for backing boards
- Use the QR code to visit Fibo's website and find out more about the benefits of waterproof wall panels

Profiles

Features

- Use hidden internal corners if you want a seamless room with no metal strips in the corners.
- Hide exposed edges with a J or L shape profile – this works with half walls.
- Use an L shape for windows and boxing in

HEATING FEATURES

Radiators & towel warmers

Central Heating

The benefit of this type of installation is that it is economical to run when the central heating is on.

Suitable for use with indirect central heating systems (your plumber/installer will be able to advise the type of system you have). The radiator is fitted to your central heating system and works alongside your existing radiators.

Electric

The benefit of this type of installation is that the radiator and towel warmer can be installed almost anywhere and does not require any pipework.

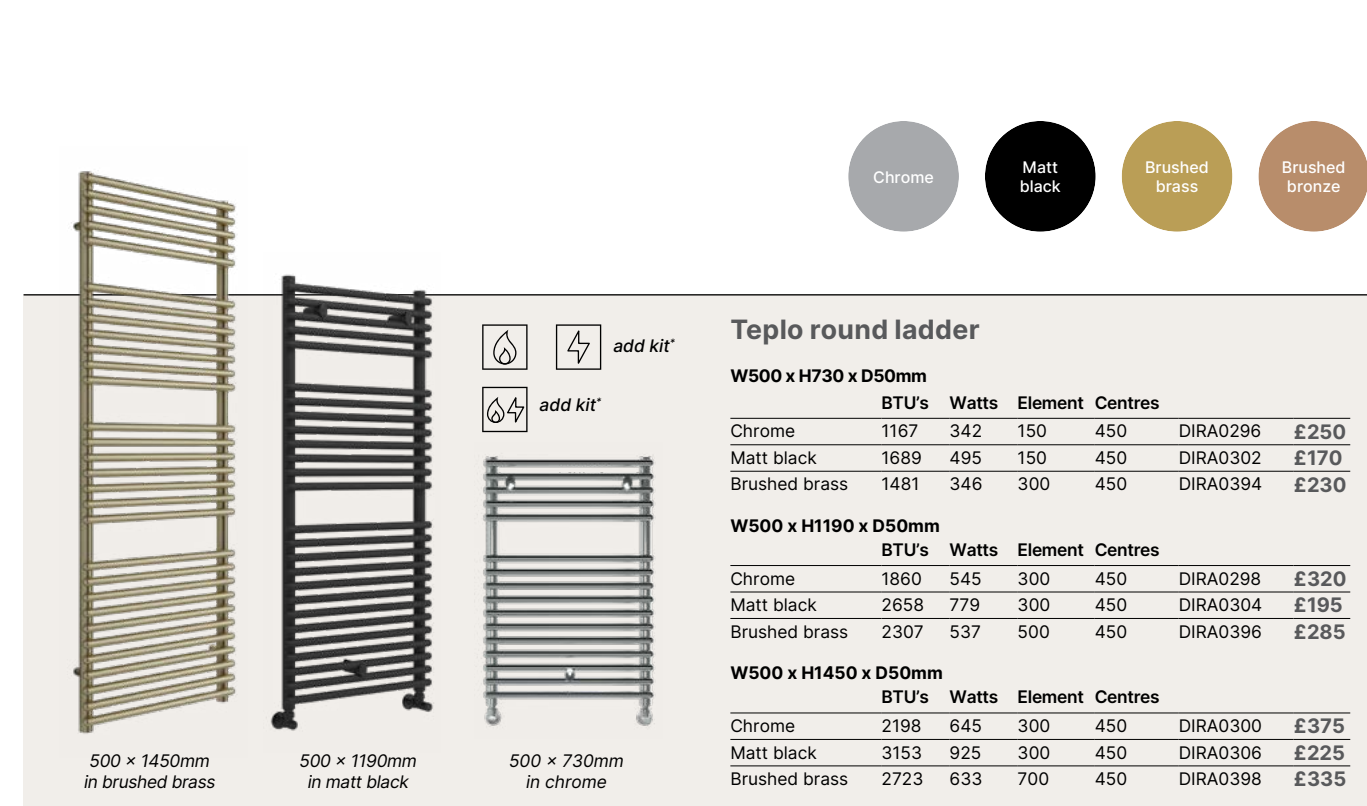

It has the added versatility of being able to be turned on and off whenever required, regardless of whether or not the rest of your central heating is on. Choose from either our fully electric options or use an electrical element kit (see page 292). The electrical element is screwed directly into the towel warmer and heats the water.

Dual Fuel

The best of both worlds! This type of installation is plumbed with indirect central heating systems and or your electrical supply.

This guarantees the low cost of a central heating system during the winter whilst ensuring the versatility of being switched on and off independently during the summer months. Central heating, electric or both – the choice is yours!

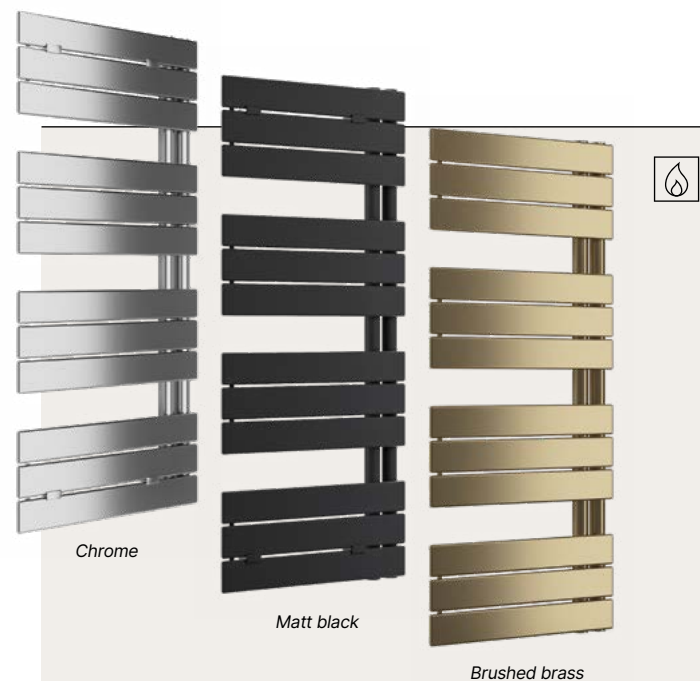

*Element kit is required see page 292. For our symbols guide see page 282.

NEW

Effortless Comfort *with Electric Towel Rails*

Electric

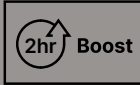

Our electric towel rails are the ideal solution for warm, dry towels whenever you need them - bringing both comfort and practicality to your home. Each model in our collection comes pre-fitted with a heating element and advanced thermostat control, combining intelligent functionality with sleek, modern design.

It's a perfect fit for contemporary living.

Smart Heating *with Built-In Thermostat Control*

12/24
Timer

2hr
Boost

12/24hr Timer
& 2hr Boost

Thanks to the clever thermostat control, you can heat only when needed with a 12/24 hour timer feature. That means greater energy savings and lower running costs over time. Plus, our integrated thermostats continuously monitor the room's temperature and automatically adjust heat output to maintain your desired warmth.

There's even a 2 hour boost option to give you instant heat outside of the timed periods whenever its needed, day or night.

Baby Care

For added peace of mind, the 'Baby Care' function can be set to ensure the surface temperature of the radiator remains lower than in normal operation and the 'Key Lock' feature can be used to make sure there is no accidental change to settings.

Underfloor heating

Becoming more and more popular, electric underfloor heating distributes heat evenly throughout your room, alleviating cold spots and allowing you to remove radiators which can take up valuable wall space.

It's more energy efficient than conventional heating methods too and provides a luxurious feeling under foot.

Features

- Suitable for most properties
- Energy efficient
- Flexible control through zoning areas of the home
- Luxurious feeling of warm floors
- No cold spots
- Maximise space in the home, no radiators on the wall

Tile Backer
1200 × 600 × 6mm Board (Pack of 5) DIUH0022 £95

Tile Backer

Tile backer board is the perfect insulation panel for use with our 150 watt cable heating systems.

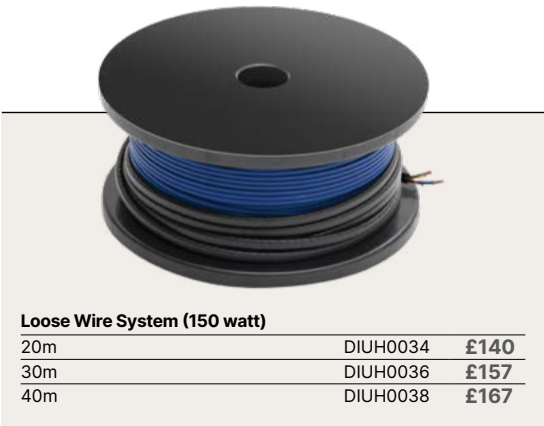

The board will dramatically reduce heat loss and running costs by up to 25%. The boards are waterproof, provide great sound insulation and can easily be cut down to size.

10m ²	DIUH0032	£426

Sticky Mat

Our heating mat cables feature dual-core resistive heating wires with FEP (Teflon) inner insulation and 4mm PVC outer insulation. These cables are spaced evenly at 65mm intervals to ensure uniform heat distribution across the floor, tailored to the required heat output. Simply roll out a length, cut, flip and stick down the mesh until the floor area is covered. It is perfect for evenly heating large or regular-shaped rooms.

Loose Wire System (150 watt)		
20m	DIUH0034	£140
30m	DIUH0036	£157
40m	DIUH0038	£167

Loose Wire System

The loose cable system uses the same high-quality dual-core resistive heating cables with FEP (Teflon) inner insulation and 4mm PVC outer insulation. Supplied on a drum, this flexible system allows you to arrange the cable in any configuration to suit your space, making it perfect for tight, confined, or irregularly shaped areas.

HEATING

Digital Thermostat

The Digital Programmable Thermostat is a simplistic, yet stylish underfloor heating thermostat designed for use with electric underfloor heating. The digital programmer can be used to control the air (ambient temperature) or floor temperature and as a standard it can be set to either 7 day or 5/2-day programs allowing each day to be different or weekday weekend settings accordingly.

Digital Thermostat
White DIUH0040 £115

Wifi Thermostat
White DIUH0042 £145

Wifi Thermostat

The Smart Wifi Thermostat is an intuitive, programmable thermostat used to control your electric underfloor heating system.

Simply download the 'Smart Life' app via your iOS or Android platform which will then allow you to remotely manage your heating, plus you can use also use Google and Alexa to control the system too. This thermostat has a professional design and many features such as 'Holiday Mode' and 'Hold Temperature' functions.

Touch Screen Thermostat

The Touch Screen Thermostat has an ultra-sleek, minimal design with chrome surround, and a full glass display with touch sensitive control. It will keep your home at a comfortable temperature whilst minimising energy use.

It's supplied with a 3m floor sensor probe and will also sense if a window has been opened as it detects when the room temperature plummets, so will automatically shut off for 15 minutes.

Touch Screen Thermostat
White DIUH0044 £179

Mirrors

From simple and stylish designs to feature-rich options, our extensive mirror collection combines form and function.

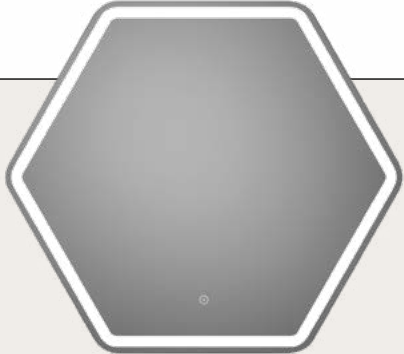

Choose the style and features that work for your space, with options to suit every bathroom.

Features to look out for

- **Battery Operated** - If you want to avoid wiring but still require LED lighting.
- **IP44 Rated** - All of our products comply with electrical safety regulations and have been given an IP rating of 44, which protects against sprays and splashes of water.
- **Demister Pad** - Many of our mirrors contain a demister pad which gently heats the mirror once it is switched on, this then makes the mirror steam free.
- **Rotatable** - Some of our mirrors can be positioned landscape or portrait.
- **Touch Sensor** - Easily allows you to switch your lights on and off with touch.
- **Infrared Sensor** - Easily allows you to switch your lights on and off with the swipe of a hand. No touch needed*
- **Charging Socket** - Suitable for electric shavers and toothbrushes.
- **Dimmable** - Lighting that can be adjusted at the touch of a button.
- **Colour Changing** - Adjust the light from cool to warm.

* Please note, the infrared sensor will not function effectively if positioned alongside reflective surfaces.

Terms & conditions

Your new bathroom products have been designed and manufactured to high standards and all come with a reassuring manufacturer’s guarantee.

Guarantees apply to manufacturing defects and do not apply to accidental damage, wear and tear or any item or component rendered defective by unsatisfactory planning, faulty installation, improper or negligent use or damage resulting from failure to maintain the product in accordance with the customer care instructions.

Guarantees do not cover any product that has been modified or altered in any way.

Guarantees do not cover any product that is installed with a fault that would have been clearly evident before installation. In the interest of continuing design development and product improvement, we reserve the right to amend or adjust specifications at any time. Where an identical product is no longer available we will supply the nearest equivalent from our current range.

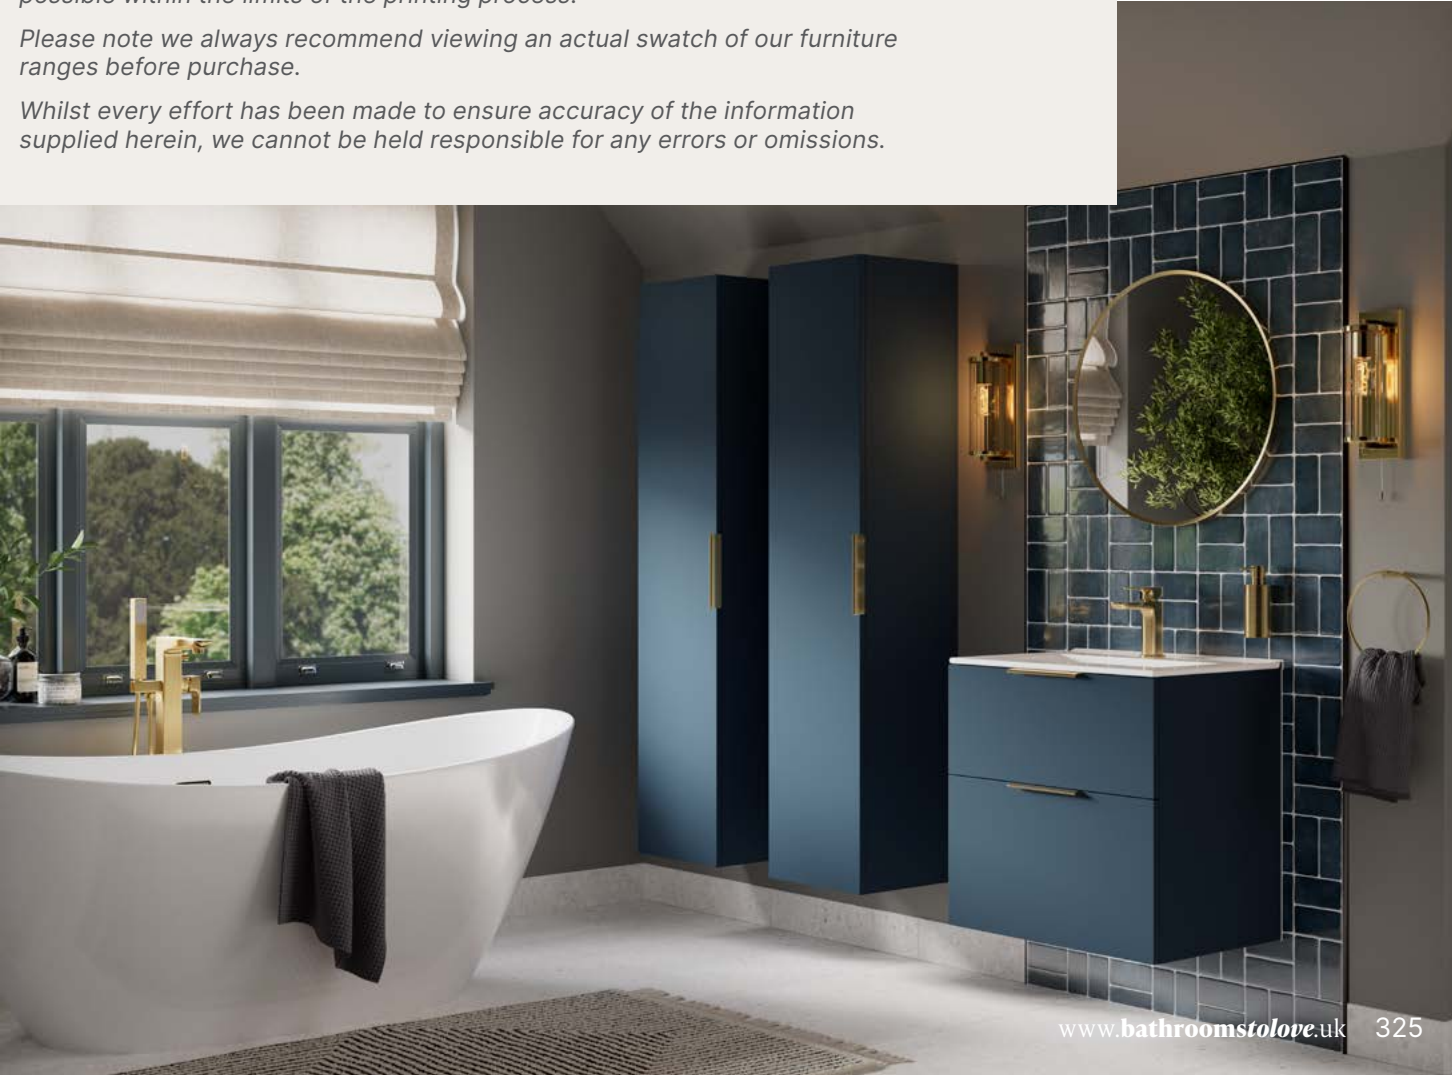

Guarantees are for the original purchaser of the product, they may not be transferred to a subsequent purchaser of the premises in which the product is initially installed.

Due to our policy of continuous improvement, we reserve the right to amend specifications, designs and colours without prior notice.

Suggested selling prices are including VAT. Due to circumstances beyond our control, prices may have to be altered including changes to the rate of value added tax. The colours and finishes shown in this brochure are as accurate as possible within the limits of the printing process.

Please note we always recommend viewing an actual swatch of our furniture ranges before purchase.

Whilst every effort has been made to ensure accuracy of the information supplied herein, we cannot be held responsible for any errors or omissions.
